To whom it may concern,

I had the pleasure of working with Emcee Jason for our recent team building event and gala dinner in August 2025. Jason was very accommodating and flexible with his terms, which made the whole process much easier for us.

On the event day itself, he brought great energy — his intonation and style of engagement kept the crowd tuned in and entertained throughout the program. He interacted with our participants in a way that made the event feel lively and connected, which was exactly what we hoped for.

Of course, like with any collaboration, there are always small areas to polish. In our case, being a little sharper on time and preparation would have helped things run even smoother. But overall, these were minor points compared to the positive impact Jason brought to the event.

I truly appreciate his professionalism and charisma, and I believe he has strong potential to continue excelling as an emcee. I look forward to seeing him continue to grow in this field.

Sincerely,

A handwritten signature in black ink that reads 'Woo Kean Gijp'.
