Dear Mr Jason Jonathan,

Testimonial of Corporate Emcee Services for the Launch of Malaysia's Wanita MyWIRA Accelerator on 23rd October 2025

As the event management agency selected by Talent Corporation Malaysia Berhad to organise and manage the launch event, we would like to extend our deepest gratitude for your professional emcee services at the Launch of Malaysia's Wanita MyWIRA Accelerator which took place at Sime Darby Convention Center on 23rd October 2025.

Despite the many challenges of the event including last minute changes to the emcee script, we found you to be professional, adaptable and cooperative. Your attention to detail was also much appreciated as you were quick to point out inconsistencies or incorrect verbiage that occurred due to the multiple rushed edits of the script, which the client and us may have missed out entirely otherwise.

You managed to effortlessly hit the right tone and energy that resonated with the high-level audience and the attending guests of honour, consisting of two Ministers and a member of the royal family. You also summarised key points from the speeches and Panel Discussion that was concise and displayed your extensive knowledge, skill and experience.

Thank you for your contribution in making the Launch of Malaysia's Wanita MyWIRA Accelerator a success. We look forward to working with you on other events in the future.

Kind regards,

A handwritten signature in black ink, appearing to read "Akid", with a long, sweeping horizontal line extending to the right.

Akid Azmizar
